

Generally, what kind of experiences did you have during the 21 Days?

I found myself drawing closer to GOD THAN EVER BEFORE AND IT CHANGED THE WAY I THINK AND VIEW PEOPLE I FEEL BESSED AND NOW I FEEL SO FOR THE FRENCH PEOPLE THEY REALLY NEED THE POWER OF GOD FOR THEM TO EXPERIENCE REAL LOVE AND I DONT JUDGE THEM ANYMORE

Researched French History - very good fodder for prayer.

I went I got emails about praying for France I got excited because I knew I was praying for a good cause and I hope I helped.

I joined the prayer kinds of late but I was very excited to be part of such a large group involved in prayer. I am so very excited to be part of a revival to call God's people back and to pray for those who are lost. Thank you for being part of this amazing time! God bless and I will keep you in my prayers always.

I CAME TO KNOW ABOUT THIS PRAYER ONLY ON 12TH OF MARCH AS A POPUP MESSAGE AND I PRAYED FOR THE NATION AS WHOLE FOR PEOPLE OF FRANCE TO BELIEVE IN THE GOD AND BE SAVED AND FOR THE WORLD TO SEE THE HARVEST IN PLENTY.

I had a good experience. I have a passion for France so I was definitely motivated.

I was surprised how passionate I became about a foreign country I'd never been to when I made them part of my prayer life. God is good. He taught me that intercession is good for the intercessor too, and I have faith that my prayers will be fruitful for France, as well.

Conviction, Energy, Sadness, Peace

I have been praying for the people of France for many years. It was heartening to know that others want to see revival in France as much as I do. My husband and I learned of a pocket of believers in Provence, but that is the only place, in all our many trips there. We can now expect to see God working there! And the people responding!

During this time I reflected and prayed on the topics that were given. I also reflected on what I knew about those topics from when I had lived in France.

insight on prayer's global impact

God really gave me the desire to pray more for my husband's relatives in France. I prayed fervently for the gospel to be presented to them and for these relatives to receive Christ. I will continue praying for the nation of France and for my husband's relatives.

The most important thing for me was knowing all the other people that were lifting up France in prayer and how God is faithful. We need to keep crying out to Him to draw many to Him in

France and for those that are already there to rise up in boldness, proclaiming Him as Lord and Savior.

we are very full of joy and also God open door for our ministry ,we will start our church in a new dimension very soon

My ministry is to intercede for the nations. I am focusing this time to pray for France and I know the Lord has a big plan for France to be the leader of the EU to bring the Salvation to all Europe. God bless you.

I recalled a number of people and experiences from my semester in France many years ago -- those recollections played a key role in my prayers for specific people and places. I also read some of the material in French on the Objectif France site which was helpful in refreshing my understanding of the French people.

I have actually experienced a bit of frustration, and some persecution by loved ones. I know that was nothing but satan trying to differ me from praying and to get my mind off of the situation. God has actually helped me with those issues, and helping me to grow as a Christian and to truly be able to discern when He is and is not in a situation.

thank you but I joined this campaign only when you were concluding the prayers. I shall be glad to participate and forward comments during the next round. thanks!

I work in Paris with a local church and a parachurch organization. We have seen many people engaging with Jesus Christ and his work, but we have also seen spiritual battles. Two Christian workers have are in the United States for cancer treatment and others entered Paris area hospitals with life threatening illnesses. The enemy is not sleeping.

I was drawn to revisit the history of France and the rich Christian heritage. We are in a fierce spiritual battle, that we must not forget. It is not won by compromises and making the church "attractive" but it is won with the banner of truth. Jesus said: "I am the way, the truth and the life".

When I did pray I felt as if I was a part of something much bigger than myself.

We appreciated being "deliberate" and "focused" about our prayer time together.

One of the benefits of using the guide is to come to know more about the country of France and her people, especially the historical issues.

I found the Prayer Guide to be very informative and helpful in praying for France, but also in my regular prayer life. I will continue to use the guide to recall the issues and to keep praying for them.

I feel like we need to keep praying

It was good to know that others care and are praying for France. It is encouraging to be able to

continue in prayer.

Hope with God's power and grace.

I enjoyed thinking of other believers beyond our world. I think my sensitivity to the plight of believers in non-culturally Christian countries is growing.

many. Pray for another country is a privilege and commandment from My sweet Lord.

I used last year's guidelines, which were informative and "spiritual", valid mostly for all Christians and helpful. But I found them less specific than formerly to situations expressly in France. Probably I should have invested in the current year's guidelines.

I have been fasting, thanks to the encouragement at the beginning of the guide. I feel my relationship with God has been strengthened. Also, God kept France on my mind throughout these past days.

I thought about my French heritage and mourned that the country has fallen so far from the days of the Reformation revival.

It made me more aware of praying for other countries and their needs, not just our own. We sometimes forget that other nations need prayer and that God does not see us as nations, but His children on earth who should be holding each other up in prayer daily. I know I will continue now to pray for France and the rest of the world daily.

good reminder to pray MORE for France, although I already was praying

Because we have been blessed to lead ministry teams to Nancy and Bordeaux for the last 3 years we were blessed to pray for those church bodies as well as the nation of France and her people. God has put them all on our hearts and we are privileged to join with all of you on their behalf as we bring that great nation before His throne of grace.

None

I didn't have much time to seek the Lord about France but I did enjoy the booklet. I had to pray for my cousin Michele who had been diagnosed with cancer of the brain and of the lungs she lives in France. Another niece announced she got married with a Muslim. I prayed for their salvation. She lives in Toulouse, France.

We've been praying for France for 10 years or more.

I enjoyed being a part of the prayer team. I was in Paris last summer and prayed as I walked the streets. I had a burden for the people. Everyone was so nice.

I wasn't sure what to pray about.

Deep prayer and in perfect time...during the Lenten season.

the joy of the Lord during my Intercession for France.

I was pleased to be taking part, though I did not give the full half-hour to the praying time. I used last year's guidelines, which were helpful.

We have a 28 year old son in France who is not walking with the Lord. Consequently, our prayers for that country partly revolve around the welfare of our son: if the Spirit is once again poured out on the land of Calvin, perhaps it might spill over onto our son!

The hunger for prayers from the people of France.

I've prayed for France on my own for over 30 years. I spent 1 yr in Dijon and God gripped my heart for France ever since. I finally was able to return on a mission trip in 2007. Since then, the fire for France has not gone out. I'm so glad to have discovered this network of believers who, too, share a heart for this wonderful nation and her people.

It made me more aware of me, the world around me, and the sin in it. I have friends and family who are catholic or Catholic converts. I began to have more sensitivity to there lack of understanding and God is using me to love them more than I know.

I HAD MEETINGS ABOUT FRANCE, AND FRENCH PEOPLE VISITING MY COUNTRY (MEXICO), AND WHEN I BEGAN TO PRAY, THE NEXT DAY PRESIDENT OF FRANCE ARRIVED MEXICO, IT WAS PROFETIC, AND IT WAS RELATIONSHIPS OF BUSSINESS

it was ok but i wish i could have talked to more people and that correspondence was en français

I received many words from God over France, which I will send to David via separate email, concerning revival & France's involvement. It gave me a new picture of how big this really is and how we need to be praying for each other - that God's plan involves all nations. I found myself more involved in France news and now listen to France 24 daily.

I only came across the "Pray for France" while I was in the process of doing something else on the internet. I don't usually respond to things or ads banners, but I had an inner sense to respond and pray right then.

I enjoy this type of prayer focus.

Very great it was wonderful to participate with others. I was reawakened to the move of God in France and the need to pray more for the country that God has burdened my heart for more than 25 years. I will want to join next year also

To be honest with you I really didnt get that involved with it. I did pray but not as much as I

had wanted to and I did request prayer in our prayer group the first week of this 21 days. Our prayer group did not meet for the past three weeks so this kind of canceled my intended group prayer for France.

When we were praying we were directed by the Holy Spirit to pray for godly leaders in French politics because when Israel had a godly king it produced an awakening in the nation and brought about repentance the opposite was true when an ungodly king ruled. An awakening with signs and wonders like in USA 1830'S. Deut.28 Covenant Blessings on France.

Sensed a sweet presence of the Lord and His great love for France. I sense a future for France, one of great signs and wonders beginning to rain down.

prayed at night for France. came across this prayer movement through a Facebook advertisement. was exciting to see the tally of people praying for France rise as i and others committed to praying.

stress

Need to pray for other countries, especially the US and my Puerto Rico. The Lord said before Xmas: "Between April 1 and April 25". Relevance of these dates, not revealed to me yet. Please help me pray- He also said: "The shaking has begun"-everything and everyone would be shaken-worldwide. I pray it be a spiritual awakening in the case of France.

Sorry, we can't answer this as we have only recently joined (just after the end of the 21 Days!)

I did not have any particular experience.

When I visited your website only I know about there are people praying for France before that in my personal prayer i prayed and cried for France.

This is my 2nd year in praying for France and again I felt so much joy in doing so. Praying in agreement with a larger group of Christians, each us with the same heart and accord is very moving and enriching. Exposing cultural and intellectual strongholds to the light of prayer, was particularly important and I believe this needs to continue.

felt closer to GOD

I minister to French Congolese refugees in Durban (South-Africa), and we all felt enriched by being able to pray for our brethren in France and also for the light of the gospel to penetrate that secular humanist society.

My Computer ISP changed dialup connection and was not able to Pick up most of what was sent till late last week I Had already copied down Crafted prayers - regions in France This was A new experience in Prayer a new way of praying Rather than factual specific but still inspiring! Thanks

My burden for France has grown. I told all of my 635 friends this on FaceBook.

we are praying for France, we feel mighty GOD is giving answer to our prayer. if possible please send a prayer guide to our church. it will be useful to our prayer time. god bless you

A better understanding of what the needs are there.

It would have been helpful to have e-mail prayer targets each day. I got on board late and didn't order the prayer guide. (My husband lost his job Feb. 23rd-so bad time for us to have any additional expenses.)

To be honest not much. But I have just come back from a Prayer Conference with World Prayer Centre.

While there they put up Godrev.com a site I hadn't seen before and during the few minutes that we watched there were three people in France who had indicated that they had prayed the prayer of salvation. Hallelujah!

I talked to my family and friends about the importance of praying for France.

I experienced a renewed passion for intercession not only for France but for other nations as well. I was moved to begin to study France's church history and I believe that God established and is still establishing a great spiritual revival in France through these 21 days of prayer. In a dream I saw peoples crying out to God & I know He's answering

I experienced greater compassion for my former country and a sense of urgency in the need for evangelization of the French people before the Lord return.

My awareness of France has been heightened to a much greater level. During this time I attended a conference where the guest speaker prayed over us individually and declared, "Take a nation!!!!" I was so excited to be able to speak, "Yes Lord France, for You !!!"

I experienced God helping me in areas of my life. I noticed that He was interested in being closer to me than I had imagined.

I am not aware of what is the result right here in France. but I do believe that will provide everything because in my 42 years in the Ministry God always provide the answer.

I had a vision about France. There was very dark in France but then there was a big river flowing to France. I believe it means God's moving.

I believe there will be a BIG revival there. Amen!

It made me realize the great need for spiritual revival here in Brittany.

I found it difficult to remember to pray every single day, but when I did I felt like God really cares about France and that he is hearing our prayers.

We had an easier time praying for France than usual; there were issues we usually don't cover or even think about because we aren't in France. We like being a part of God's answer for France.

As usual, some of the subjects sparked more prayer than others for me. My favorites this year were "A Holy Revolution," "The Sacrifice," "Let us Welcome Reinforcements!" "From Intelligence to Faith," "France-Hungary, France-Czech Republic, and France Today."

What are your suggestions for the future?

CONTINUE TO PRAY NOT ONLY FOR FRANCE BUT FOR A LOT OF NATIONS THAT ARE COLD IN THE HEART WHEN IT COMES TO GOD

The prayer guides to have more history of France in relation to generational blessings and curses. Also, I think it would be helpful to encourage intercessors to use the Prayers of the Bible in praying for France, such as the Intercessory Prayers of the Apostles: P - Phillipians 1 - Romans 15:5-6, 13; E - Ephesians 1 & 3, A - Acts 4 (since Luke was assoc. w/ Paul); C - 1 Cor.1:5-7, 2 Cor. 13; Colossians 1; H - Hebrews 13; T = 1 Thess. 3, 5:23; 2 Thess. 3.

Since this is my first year I am not sure what you have done in the past so I am not sure for the future but I will pray about next year.

If there is a way to get churches or individuals in the community to get more participants early on.

I WISH PRAYERS LIKE THIS CONTINUES AND GOD WILL DEFINITELY ANSWER THE PRAYERS

Maybe make some videos advertising this event. I had a hard time getting people to do it and it's hard getting a church too. So a short little video might be a good idea.

Since this was my first year, I don't feel as though I could critique.

A daily e-mail reminder would be a help.

Maybe having a summarized free flier/pdf file available to those who are praying overseas.
continue on

I think the prayer guide could include more actual prayers that we could follow. I found it hard to incorporate the devotional into prayers for France.

Just continue and expand your vision. I will keep praying. =)

not yet

My suggestions are to connect more Ministries around the world to compromise them in this work for the Lord. To write in your web how many people are adding daily to this Praying Event.

The program seems well designed with plenty of material to work with. Perhaps it could run for the whole Lenten season -- this was the main thing I chose to do to observe Lent this year and so will continue.

I have actually been praying for France for a while now. I know about much of its religious history (Clunian Reforms in the Middle Ages, Huguenot movement and persecution, Edict of Nantes and its later revocation by Louis XIV) and the current atheistic trends, as well as the strong moves of God among the African immigrants moving to the nation. Also reach out to the European Union, United Nations, and other governmental agencies for religious favor and tolerance.

Continue to pray for France regularly, and also have the annual focus.

We would have been happy to continue for the whole 40 days. The more "background information in the guide, the better. Thankful that we had an English guide because our french language skills aren't that good!

we need to lift up the name of Jesus

Could we have an online social network like facebook or something where everyone could add a prayer / praise online?

Better advertising for the event. I found out through my pastor.

Keep it up!

To continue along the year with newsletters from the results

Nothing special. Thank you, David, for spurring us on to pray. God bless you.

I am a little sad that the guide has been shortened. I will continue to fast and pray for France throughout Lent (the 40 days).

Just continue what is already happening and to let be known any additional problems that need to be prayed for. Also to let be known the victories as often as possible

keep it up, we were missionaries in France, and it really needs prayer

None

I like to receive the booklet earlier so I can review it before the Lenten Season. I probably will review the booklet I just finished a few days ago during the year, as there is so much to learn,

and I started a little late and not enough time. I like the booklet the way it is printed and the Scriptures and informations of what is going on in France.

Do more to get the word out to more people that France is desperately in need of Christ, ie. get more people to pray.

Make the prayer guide free for anyone who is part of the campaign. Not everyone who wants to use it is able to afford it.

I'm not sure how realistic this is, but perhaps you could send an email each day to the people who are praying. Everyday would be a separate topic/thing to pray for about France, etc.

Easier prayers to upload, i had difficulty uploading them.

Keep doing praying for France 2nd Chronicles 7:14.

Perhaps I should have used this year's notes, not last year's. I do not use PayPal, but wonder if secure payment by credit card could be possible.

What else can one do save pray? We just returned from a ten day trip to France to see about future ministry there. I'll be glad to give you some impressions of what we experienced, but that will go beyond the limited space here. If you're interested, just send me an email.

Keep reminding me with people in need of prayers. and by the way please do pray for my people at our church and our leaders (priest) we urgently need your prayers dry bones in our church is really making people doubt to come to church, please pray that they only see the real reason why we have our church all about GOD.

I thought it was well-organized and a unique way of sharing how to pray for France. I couldn't understand purchasing the guide, except for raising funds, so I did not this time order one this time. I hope to connect with David Broussard soon. We both tried to connect last year and we weren't able to.

Can you tell me about this next year?

TO INVOLUCRATE APOSTOLIC AND PROFETIC NETS OF THE WORLD, IN SPETIAL PEOPLE OF MEXICO, AND CENTRAL AND SOUTH AMERICA

t he pastor Iheard speaking end with the name ali FRANCE WILL NEVER BE BLESSED until they use the name JESUS

have it in french

more specific daily prayer needs; also prayers for the president and government (for examples: <http://www.presidentialprayerteam.org>)

Perhaps other pray_ers/intercessors can sharing what they received spiritually (as the Lord leads), during that time so others can pray into the same thing as they seek and wait upon God about it. A past experience I had with a group of intercessors was, as each individual received something from the Lord and was shared with others, it became evident that others had part of the whole picture of what God wanted to be prayed through.(eg: scriptures, pictures and impressions...also tested out).

It would be nice to have something daily or weekly... like the Baghdad Prayer Patrol that Wayne Dillard and his wife put out.

I will think a blog of some sort so that people participating can share insight during the time to motivate others to pray deeper as the Holy Spirit reveals things

Do it again I really dont have any suggestions because as I said I wasn't really involved that much I haven't even read all of the stuff yet I am much too busy right now. I wanted to but just didn't find the right time.

Could we all pray at a particular time? Even if it means that those of us in Australia pray at some odd hour We need sacrificial prayers united before heaven. Fasting and prayer like George Whitfield in the great awakening in USA.

I want to go to France personally and preach the good news that Jesus Christ is Lord. Continue to pray and intercede for the people and government. Push back darkness from minds and off the land by the blood of the Lamb Jesus. Snares/traps from the enemy would be foiled and the Light shine through.

stories from French Jesus-followers on the website would be cool.

keep going because stress is never going away anyways:)

Repeat the initiative again, asking the Lord for the best period to do it. Keep requesting intercession and provide feedback on the results.

I need to have the resource materials a week or more before the actual prayer time begins in order to have time to internalize what the Lord wants me to do with those resources.

raise the prayer warriors in all over country for france

-Keep 'Pray for France' calendar but with more detail (I was surprised to hear through other media about France's strike on 19th March!). Keep testimonies from Christians in France who have also been praying which are encouraging for those of us not living in France! The email Topics for the Week were a great focus. PDF one sheet of Prayer Points was also good; could be more prominent on the website. I wanted to use the WTM prayer course but for me the website needed more clarity.

not just to pray for France alone but for many nations that are in denial or persecuted

Nothing specific at this stage.

Send a daily email with a Glorious photo of France that People can use for their desktop. Then there would be no excuse to forget to pray that day. Also co-workers or family members would see your desktop and it would open doors of discussion.

if possible we will joined together 2 years once or yearly once and we will share about our prayer answers evidence.

Daily prayer guides.

E-mail daily prayer targets!

We really couldn't download the prayer guide, as the site still refused to recognise our credit card. It's a real problem in UK. Stolen cards are often used on charity sites to see if they are valid. If you donate to a few charities on one day they stop all your charity credit card giving for the month! We only found this out when it happened to us and we had to go back and apologise for not sending our donations. Maybe out of the US the prayer guide could be free.

How about making a 365 days prayer guide to stay focused all year long.

I will be interested to be able to have further input from the Church in France how we could be assisting them in prayer over the remainder of the year.

Keep on the good fight of faith!

I am suggesting that Evangelicals in France will support the and lead the SPIRITUAL RENEWAL IN THIS COUNTRY. I DON'T KNOW IF POLITICAL LEADERS OF THIS COUNTRY ARE MOST CHRISTIANS TO LEAD THE COUNTRY IN SPIRITUAL DEEPENNING.

I been experiencing signs about France everyday within coincidences..I see or hear some keywords which are "Paris", "France", "French", "Eiffel" & "Francais". It comes up from many kind of objects like when I turn on the tv/radio or when I walk on somewhere & then I see the picture of Eiffel or my friend says one of those keywords & more lots of objects. I been experiencing it since August 2006. Im having another coincidences too..I see or hear a name & its "David"..its been 3 months & everyday.

Ongoing prayer, people are searching for a better life. They will only get that which they are searching for when they come to know Our Lord and Saviour Jesus Christ. Churches are few and far between here in Brittany, More Church planting is desperately needed.

Don't quit! We really appreciate the English guide. And if we could get an English guide for the rentrée or any other time when there is corporate prayer with a guide this would be great.

I tend to like the subjects that have to do with the history of France, and repenting of specific sins that bring reconciliation in present situations. My favorite Guide was from 2004, where the regions of France were discussed in terms of the progress of the Gospel, and the Spiritual Deserts were described.

What is a specific testimony of something that happened to you during these 21 days?

I WAS ADMITTED TO A SCHOOL PROGRAM

Found out I had some French ancestors

I am glad I could help another country in need.

My soul was completely blessed! Merci!

My missional call to France was confirmed again.

France just needs love

Just the wonderful surprise to learn of you!!

How much more France, and Europe, needs God.

unified family and friends through prayer

The belief that God will answer our prayers.

nothing specific, but it was very encouraging

the presence of God around me was too much

I felt the Love of the Lord for France

Praying for a few people/churches seen in the past

I was evacuated from France due to a brain tumor.

I heard one of your pastors say to pray to all of them

I know that GOD will hear our prayers

France to be a new example of a Christian nation

My love for God's people grew significantly.

France near. I never thought that needed aid!

I had a couple of meaningful "dreams"

God changed my thinking from worry to trust.

Jesus needs all of us to care about each other.

None

praying for salvation for them, sharing His Word.

deliverance from past hurts

Desire to keep praying for the peace of the world.

I had two meaningful dreams

I learned that I couldn't pray abstractly, but nee

I felt more love for people

Greatly encouraged - I am not alone.

God has reinforced my desire to go into missions.

I have a new revelation about to visit France, i s

just continued prayer

I was truly on my face 4 yr country & fell in love

Heartfelt sense God's Spirit to hover over France

Opened eyes to move of God

I came to realize that I need prayer and to pray.

Feeling Gods love for France. Didn't expect that.

Hasn't been 21 days

i met in person a ccc online missionary for France

A change in attitude toward France.

(not enough characters left to explain; see email)

got admitted into a school program

Re-focusing on prayer.

It was a great time! I'm sorry I didn't pray more.

4 people from roman catholic, took baptism

A closer relationship with God.

thankful to connect with others for France

The joy of seeing people saved on the Godrev site

Renewed passion for intercession.

A better understanding how to pray for France

The Holy Spirit has drilled into my spirit that I

God gave me a better house to live/more room, yard

POSSIBLE

Keep praying, praying and praying for France.

I must continue with what I am doing here.

It rekindled my love for the people of France.
